

UPK and CCCAP work together for families!

Enroll in Full-time Preschool and Reduce your Parent Fees with UPK and CCCAP

1. ABOUT UPK & CCCAP

The Universal Preschool Colorado (UPK) and CCCAP programs work together to provide children who qualify for both UPK and CCCAP the maximum number of preschool hours each week.

Combining UPK and CCCAP can help families reduce parent fees while providing high-quality preschool experiences that meet the needs of parents who are working, looking for work, or going to school.

Even if you already participate in CCCAP, make sure to apply for preschool through UPK Colorado to maximize your benefits!
